Bri X pert je speciální značka založená společností Mould King, představující jedinečnost a originalitu produktu. Každá stavebnice s tímto logem je osobně navržena nebo autorizována inovativním týmem Mould Kingu nebo světovými designéry, kteří se společností úzce spolupracují. Toto logo zajišťuje jedničný a kvalitní zážitek ze stavění.

“Bri X pert” is a special mark established by MOULD KING, representing the uniqueness and originality of the product. Every building set with the “Bri X pert” logo is personally designed or authorized by MOULD KING's innovative team or world-class designers who work closely with MOULD KING. This logo is our commitment to consumers, ensuring that they can enjoy a unique and high-quality building experience.

Otestuj všechny elektronické díly, zda fungují, před složením.
Test all electronic components for functionality before assembly.

naskenuj QR kod k získání ovládacího manuálu pro 6.0 modul

Please scan this QR code to obtain and carefully review the operation manual for the H6.0 module.

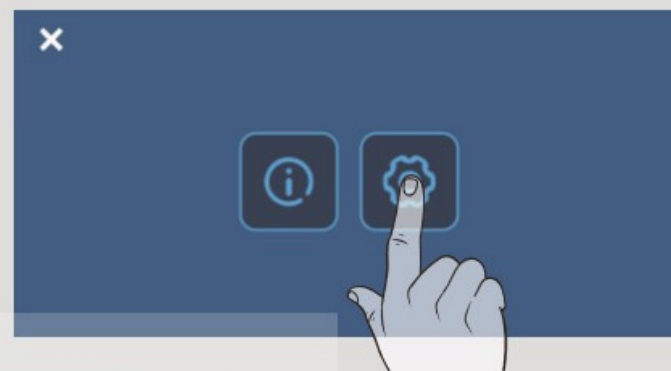

0-1

Otevři aplikaci a klikni na ikonu v levém horním rohu

Enter the APP and click the icon in the upper left corner

0-2

klikni na ikonu nastavení

Click the icon to enter the settings

0-3

Vyber si jazyk

Click above to change the system language

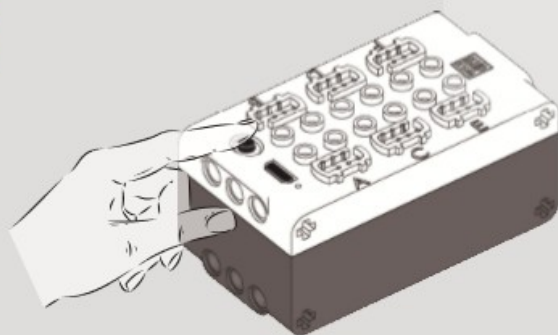

0-4

Systém podporuje zjednodušenou čínštinu a angličtinu

The system language can support simplified Chinese and English

1-1

Zmáčkní tlačítko uprostřed modulu a světlo začne blikat

Click the button in the middle of the module,
and the light flashes

1-2

otevři aplikaci a nastav zařízení manuálně

Enter the APP and click to select the device manually

1-3

Vyber 6.0 modul
Select V6.0 module

1-4

Klikni na červené bluetooth v horním pravém rohu
Click the red Bluetooth in the upper right corner

1-5

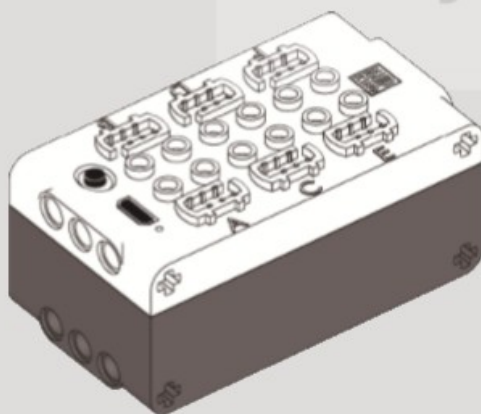

Klikni na YX-XXXXX
Click on YX-XXXXX

1-6

Modré bluetooth v horním pravém rohu signalizuje úspěšné propojení s modulem.
The blue Bluetooth in the upper right corner indicates successful connection with the module

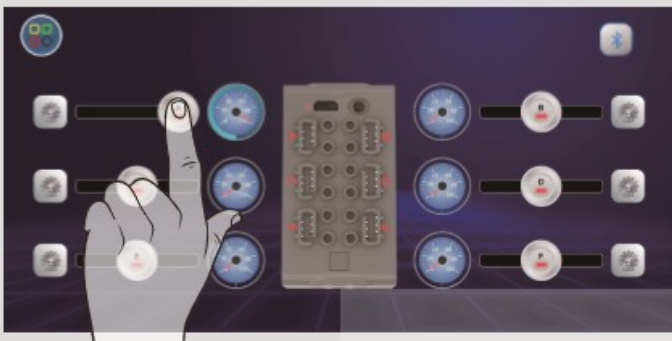

1-7

úspěšně propojený modul s aplikací bude stabilně svítit a dokáže otestovat, zda každý motor funguje správně.

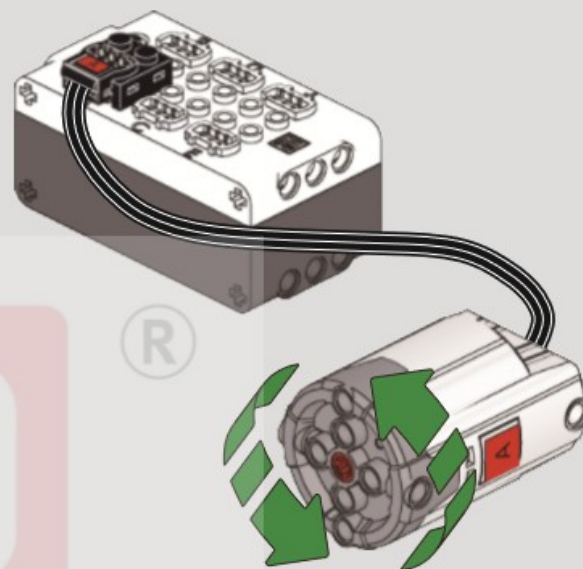

The module successfully connected to the APP will maintain stable light, Can test whether each motor operates normally

2

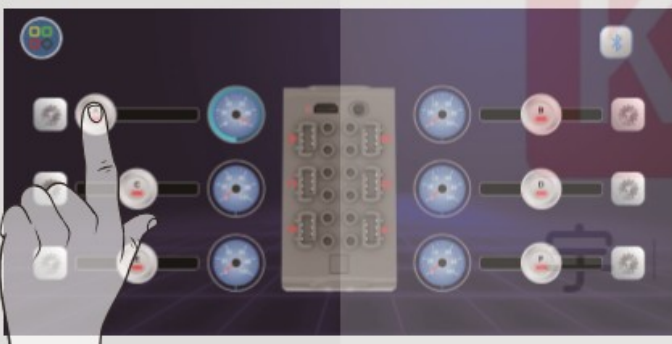

Vyjměte motor, nalepte dvě velké a jednu malou s označením A.
Přitlačte rozhraní motoru do polohy A na modulu a posuňte joystick A doprava
na ovládacím rozhraní aplikce a otočte motor doleva

Take out a motor, paste two large and one small stickers with a total of three A # stickers, press the motor interface to A of the module, move the A rocker to the right on the APP operation interface, and rotate the motor to the left

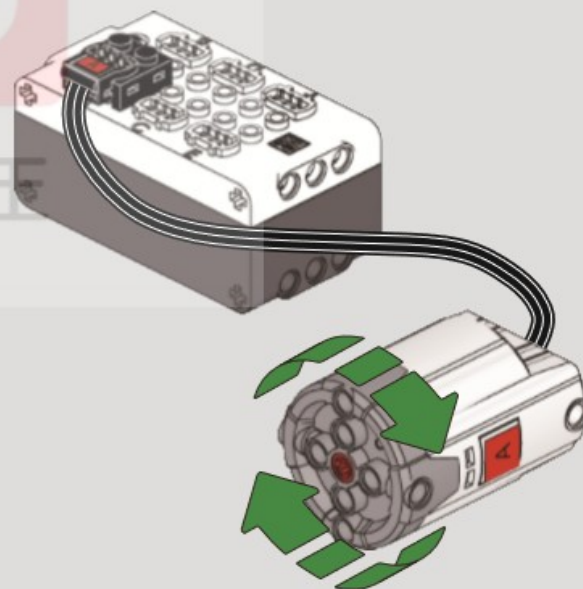

3

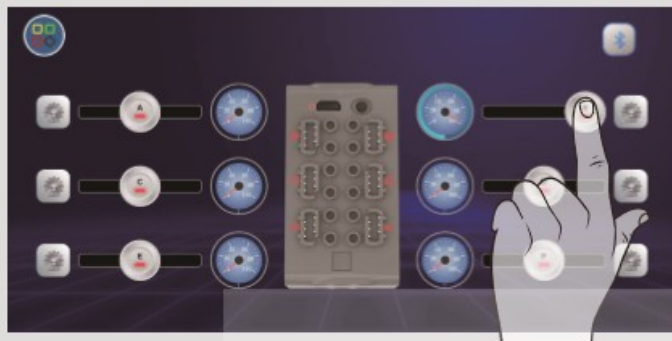

vyjměte motor, nalepte dvě velké a jednu malou samolepku s označením A,
přitlačte rozhraní motoru do polohy A na modulu, posuňte joystick A doprava
na ovládacím rozhraní a otočte motor doleva

Take out a motor, paste two large and one small stickers with a total of three A # stickers, press the motor interface to A of the module, move the A rocker to the right on the APP operation interface, and rotate the motor to the left

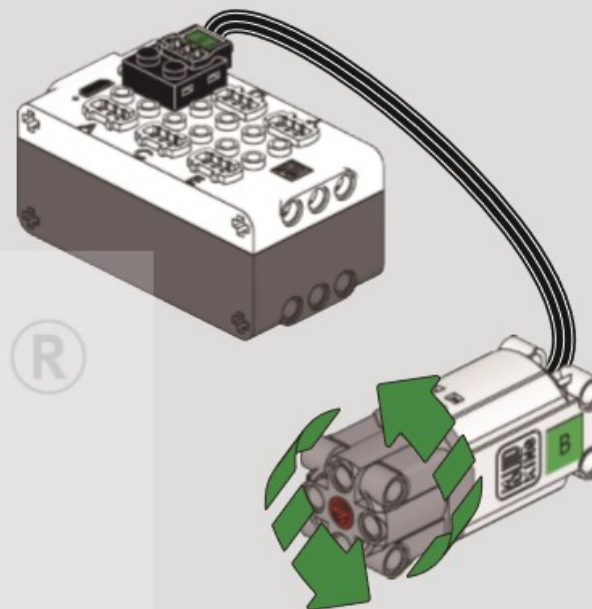

4

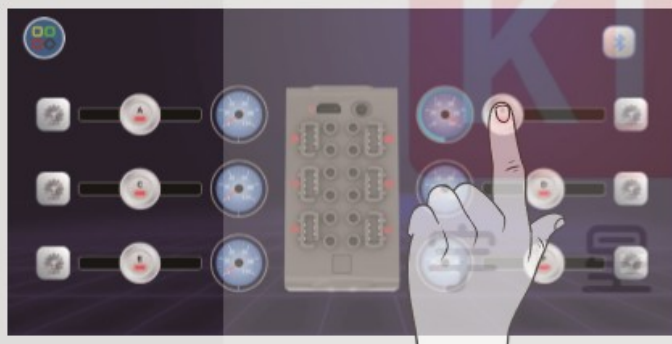

Vyjměte motor, nalepte dvě velké a jednu malou samolepku s označením B, přitlačte rozhraní motoru do polohy B na modulu, pohnete joystickem B doprava na aplikaci a motor otočte doleva

Take out a motor, paste two large and one small stickers with a total of three B # stickers, press the motor interface to B of the module, move the B rocker to the right on the APP operation interface, and rotate the motor to the left

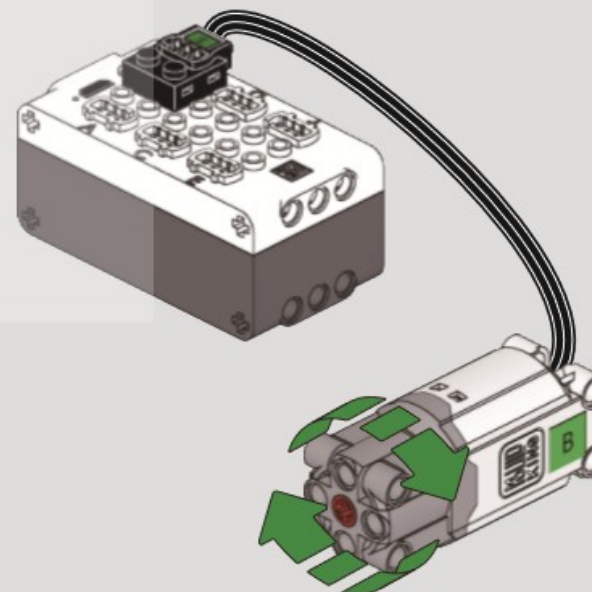

5

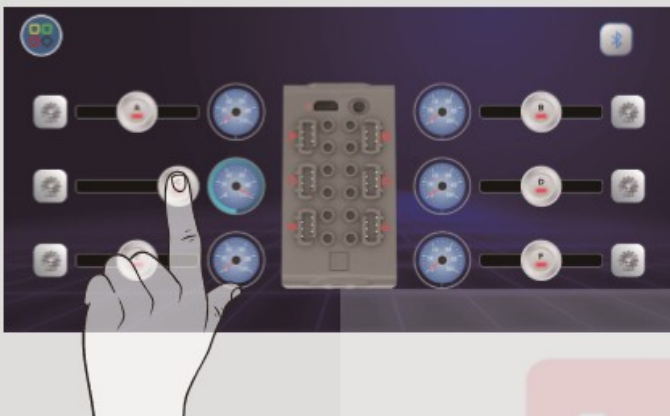

Pohybem joysticku B doleva v ovládacím rozhraní aplikace se motor točí doprava, jakmile motor běží normálně, lze jej z modulu vyjmout.

The APP operation interface moves the B rocker to the left, the motor rotates to the right, and the B # motor can be removed from the module when it operates normally

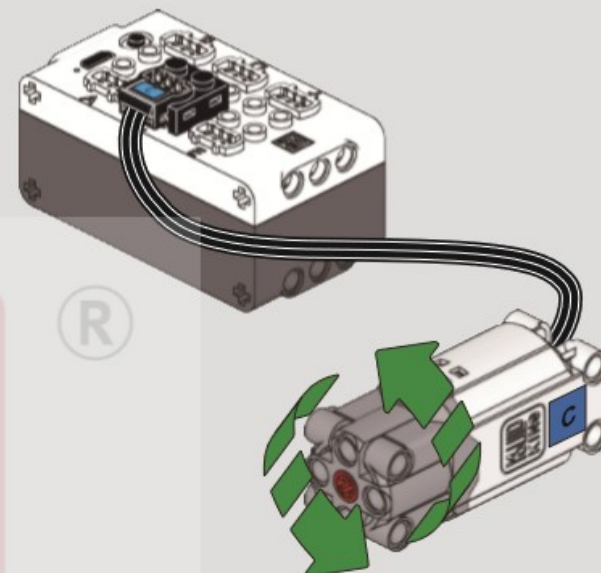

6

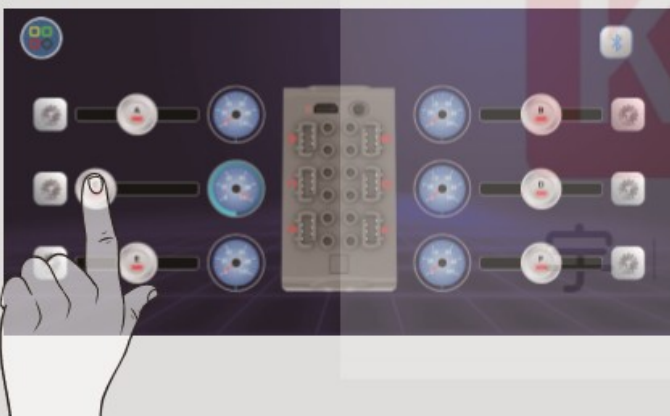

Vyjměte motor, nalepte dvě velké a jednu maou samolepku C, zatlačte rozhraní moru do polohy C na modulu, posuňte joystick C doprava v aplikaci a motor se bude otáčet doleva

Take out a motor, paste two large and one small stickers with a total of three C # stickers, press the motor interface to C of the module, move the C rocker to the right on the APP operation interface, and rotate the motor to the left

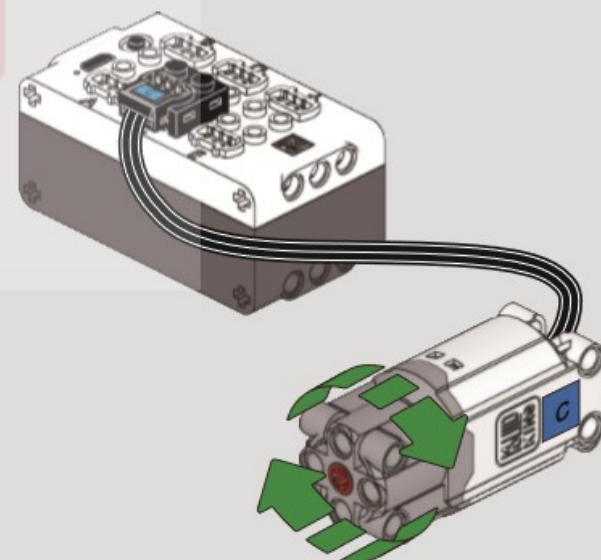

7

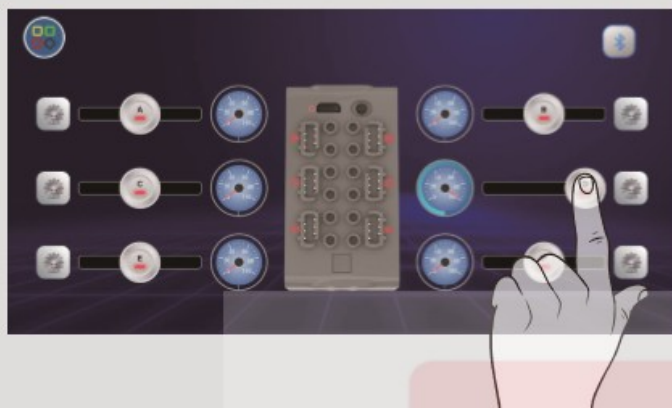

v aplikaci posuňte joystickem doleva, motor se otáčí doprava, motor lze z modulu vyjmout, pokud fuguje normálně

The APP operation interface moves the C rocker to the left, the motor rotates to the right, and the C # motor can be removed from the module when it operates normally

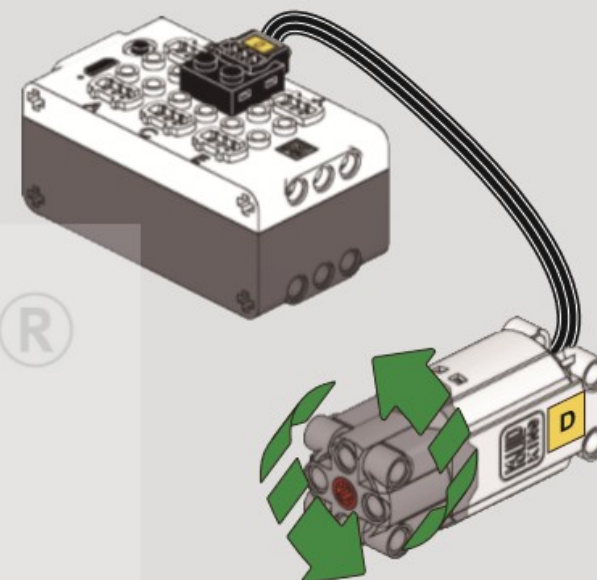

8

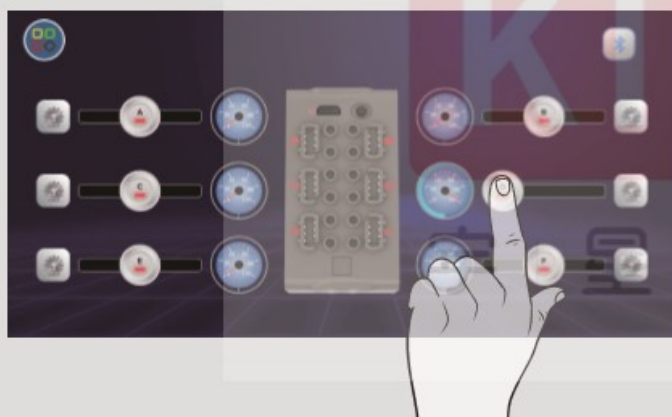

Vyjměte motor , nalepte dvě velké a jednu malou samolepku D, zatlačte rozhraní motru do polohy D na modulu a posuňte joystickem B doprava v apliacki, motor se bude otáčet doleva

Take out a motor, paste two large and one small stickers with a total of three D # stickers, press the motor interface to B of the module, move the D rocker to the right on the APP operation interface, and rotate the motor to the left

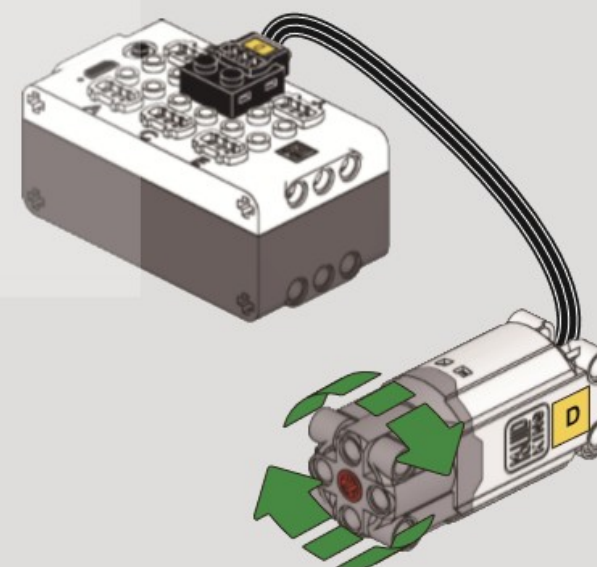

9

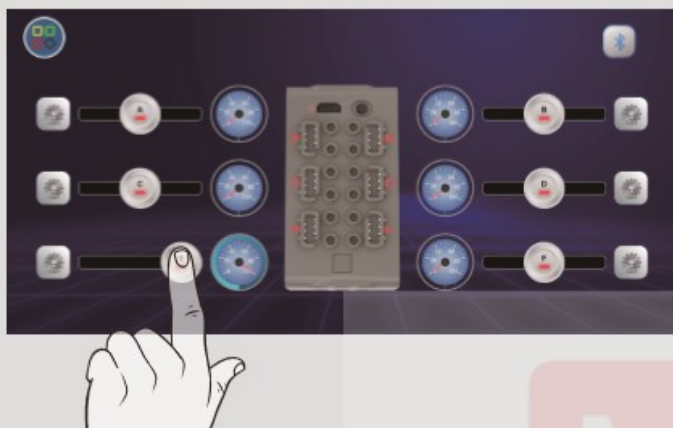

Pohybem joysticku D doleva v apliacki se motor otáčí doprava, jakmile motor běží normálně, lze jej odpojit.

The APP operation interface moves the D rocker to the left, the motor rotates to the right, and the D # motor can be removed from the module when it operates normally

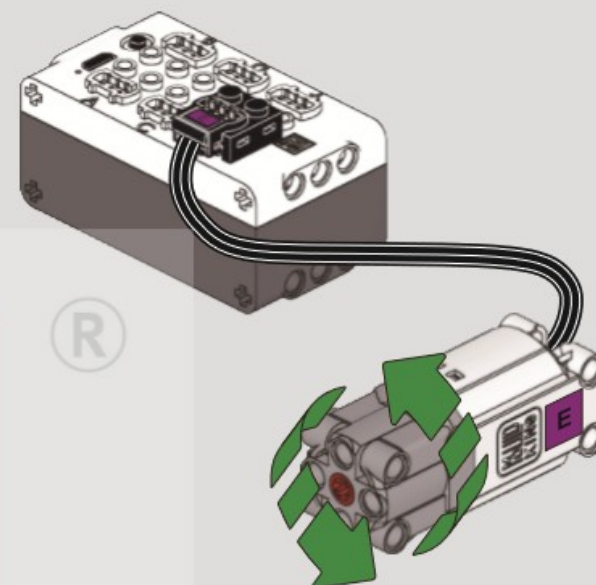

10

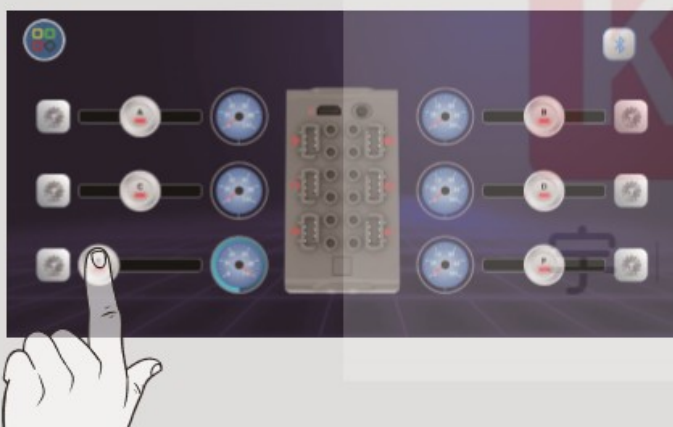

vyjměte motor, nalpte dvě velké a jednu malou nálepku E, přitlačte rozhraní motoru k C modulu, posuňte joystickem E doprava v aplikaci a otočte motor doleva

Take out a motor, paste two large and one small stickers with a total of three E # stickers, press the motor interface to C of the module, move the E rocker to the right on the APP operation interface, and rotate the motor to the left

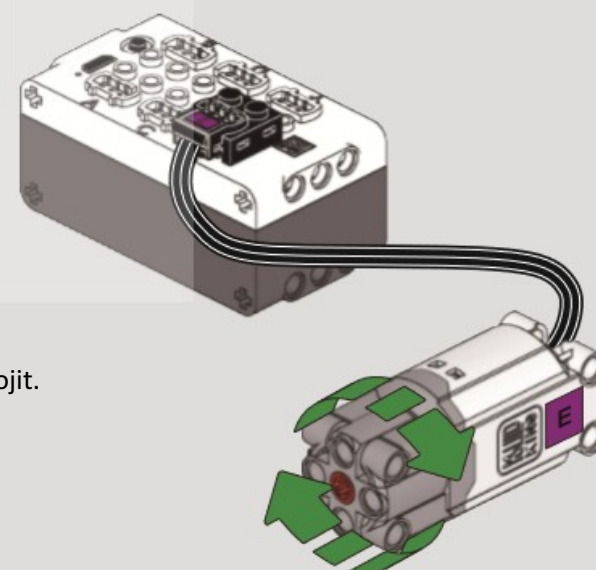

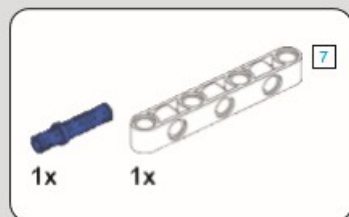

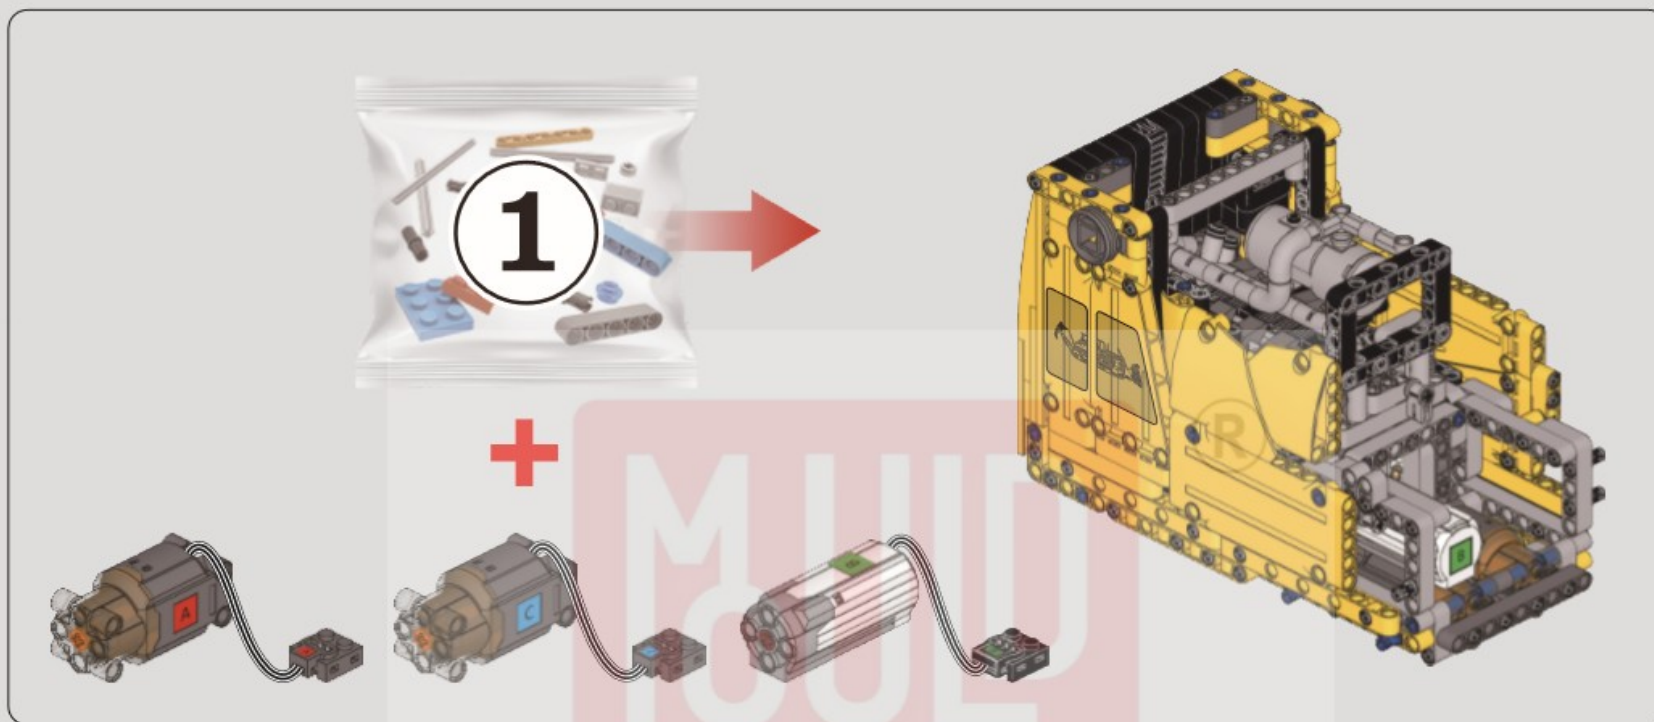

11

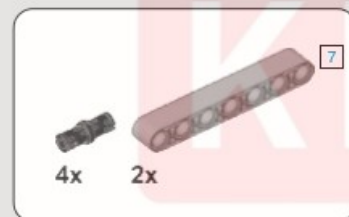

Posuňte joystickem E v aplikaci, motor se otáčí doprava, pokud motor funguje normálně, lze jej odpojit.

The APP operation interface moves the E rocker to the left, the motor rotates to the right, and the E # motor can be removed from the module when it operates normally

90

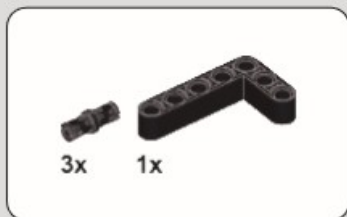

91

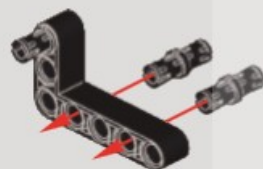

v tomto kroku je potřeba zapnout modul, připojit se k aplikaci a otestovat, zda se ozubená kola normálně otáčejí.

At this step, you need to turn on the module, connect to the APP, and test whether the gears are rotating normally.
